Request for Quote (RFQ) Template

Government of South Australia
Procurement Services SA

Public Authority User Guide

Public Authority instructions

- This template is part of the Procurement Services SA's suite of Standard Market Approach templates.
- Its use supports consistent procurement practice across the South Australian Government and makes it easier for suppliers to supply to government.
- Refer to the *Sourcing Policy* for further details on when it is appropriate to use this template.

User specific instructions

- Please review this Request for Quote template thoroughly and complete the areas highlighted in yellow.
- There are also instructions highlighted in green throughout the template which provide guidance on tailoring the template to suit your public authority's requirements.
- All highlighted guidance notes should be deleted before releasing this template to the market. This User Guide text box should also be deleted before releasing this template to the market.
- Public authorities **must apply** all the questions in Part C Section 1 of this template to all procurements valued above $55,000 (GST inclusive).
- You **must not** alter, add or remove any clauses from Section 3 without first seeking legal advice from the Crown Solicitor's Office (CSO).
- In using the template, it is recommended that you include instructions to Suppliers on how to use Part C Supplier Response Form. The areas highlighted in <grey angle brackets> provide instructions to suppliers and indicate where the supplier is required to provide a response.
- It is imperative that **only information that is needed to fairly evaluate an Offer is requested from suppliers**.
- If you require assistance in using the template please contact your public authority's procurement team or contact Procurement Services SA at procurement@sa.gov.au

Request for Quote (RFQ)
RFQ: Turnkey Procurement Offer – Pharmaceutical Sterile Filling Line (Vial & Syringe) – Equipment + Installation + Qualification + Maintenance

Structure of RFQ
This RFQ is made up of the following documents:
Part A
RFQ Summary
Part A contains general information about the Procurement Process and how You can provide a Quote.
Part B
Draft Contract - Standard Goods and Services Agreement (Equipment Supply, Installation & Services)
Part B contains the proposed terms of the contract that may be entered into between You and the Public Authority if Your Quote is successful.
Part C
Supplier Response Form
Part C sets out the format and information that You are required to provide in Your Quote.
You must complete the Part C Supplier Response Form.
You must submit with Your Quote a signed declaration, in the form set out in Section 3 of Part C.
If Your Quote is submitted jointly with another party or parties then each party must provide a signed declaration in the form set out in Section 3 of Part C.
Supporting attachments included with this RFQ:
Attachment 1 – User Requirement Specification (URS) v1.0 (Sterile Filling Line)
Attachment 2 – Site Layout & Utility Schedule (Proposed Cleanroom Suite)
Attachment 3 – Draft Project Plan & Milestones (FAT/SAT/IQ/OQ/PQ)
Attachment 4 – Pricing Schedule Template (CAPEX + Services)
Attachment 5 – Contractor HSE & Site Induction Requirements

Table of Contents

APPENDIX 1: PROPOSED CONTRACT 16

1. PART A - RFQ SUMMARY
Please complete the tables below with the relevant details.
1.1 RFQ DETAILS
Public Authority Name:
SA Health – Central Adelaide Local Health Network (CALHN) – Pharmaceutical Manufacturing & Clinical Trials Unit (PMCTU)

Procurement Title:
Turnkey Pharmaceutical Sterile Filling Line (Vials & Pre-filled Syringes) – Equipment, Installation, Qualification, Training and Ongoing Services

RFQ Reference Number:
CALHN-PMCTU-RFQ-2026-014

Procurement objectives / expected outcomes
('Public Authority's Requirements'):
Provide a brief description of:
* the identified client, community or business need
  - Establish a local GMP-capable sterile fill/finish capability to support clinical trials and small-to-mid commercial batches, reducing lead times and supply risk for critical injectable medicines.
* the procurement objectives/expected outcomes
  - Procure, install and validate an aseptic filling line and isolator/RABS solution meeting contemporary GMP expectations and enabling reliable, repeatable production.
  - Achieve operational readiness with trained operators, validated processes, and a maintenance/spares strategy.
* the functional, technical and performance requirements
  - Aseptic filling of liquid injectables into:
    - 2–20 mL glass vials (ISO 8362 compliant components) and
    - 0.5–5 mL pre-filled syringes (nested tubs)
  - Target batch sizes: 5,000–50,000 units depending on format
  - Nominal throughput range: 1,200–6,000 units/hour (format dependent)
  - In-process controls: weight check, stopper/cap placement verification, reject management, batch/serialization-ready label interface (where applicable)
  - Environmental control: Isolator preferred (integrated VHP bio-decontamination); RABS acceptable with justification
  - Compliance: EU GMP Annex 1 (2022), PIC/S GMP, 21 CFR Part 11-ready data integrity controls, ALCOA+
  - Documentation set: URS traceability, DQ/IQ/OQ support, FAT/SAT protocols, calibration and preventive maintenance schedules
* the proposed location(s) where the goods/services are to be delivered/provided and any site access issues
  - Delivery/installation at: SA Health – The Queen Elizabeth Hospital precinct, Woodville SA 5011 (exact building to be advised)
  - Access constraints: loading dock hours 06:00–16:00 weekdays; crane lift may be required for isolator module; cleanroom access requires gowning and induction
* proposed term of contract
  - Supply + project delivery through practical completion, then 3-year service and support term with two (2) optional one-year extensions.
* any warranty requirements

- Minimum 24 months warranty from Site Acceptance Test (SAT) sign-off, including parts and labour; critical spares availability guarantee.
* any specific confidentiality requirements
  - Standard confidentiality applies; clinical trial product details may be provided under NDA after shortlisting.
* the key dates including delivery schedules, commencement date, key milestones and completion date
  - Key milestones (indicative):
    - RFQ issue: 15 May 2026
    - Site visit: 22 May 2026
    - Supplier Q&A close: 29 May 2026 (16:00 ACST)
    - RFQ close: 12 June 2026 (14:00 ACST)
    - Evaluation/clarifications: June–July 2026
    - Contract award (indicative): 31 July 2026
    - Design freeze / DQ: Sep 2026
    - FAT: Jan 2027
    - Delivery to site: Feb 2027
    - Installation & SAT: Mar–Apr 2027
    - IQ/OQ: Apr–May 2027
    - PQ / media fills: Jun–Jul 2027
    - Go-live readiness: Aug 2027
* any basic key performance indicators
  - Schedule adherence (±10% of agreed plan)
  - Right-first-time documentation (≤2 major deviations per qualification phase)
  - Line OEE target post-ramp-up: ≥60% at 6 months; ≥70% at 12 months (format dependent)
  - Response times: critical call-out ≤4 hours (metro Adelaide), non-critical ≤1 business day
* any basic contract management arrangements
  - Monthly project steering committee during delivery; quarterly service review post-go-live
  - Formal change control with impact on GMP, scope, cost and schedule
* any specific transition requirements for both the start of the contract and/or the end of the contract.
  - Start: structured training (operator/maintenance/QA), handover of validated documentation set, spare parts handover
  - End: asset and documentation handover pack, controlled transfer of electronic records and service history

Date when RFQ will be issued/advertised:
15 May 2026

Last Queries
Date and Time
(South Australian Time):
4:00 pm Friday, 29 May 2026 (ACST)

RFQ Closing
Date and Time
(South Australian Time):
2:00 pm Friday, 12 June 2026 (ACST)

Indicative term of contract (including any extension options):

Delivery project to practical completion + 3 years services; plus 2 x 1-year extension options (total up to 5 years services)

Indicative date of contract commencement:
1 August 2026

Indicative date for notifying Supplier(s) of outcome:
31 July 2026

Method of lodgement:
Select the public authority's accepted form/s of lodgement:

☒ Electronic - SA Tenders and Contracts website1: www.tenders.sa.gov.au

☐ Electronic - email: tenders.pmctu@sa.gov.au

Quote Validity Period:
120 days from RFQ Closing Date and Time

Additional information:
* Mandatory site visit: 22 May 2026 (10:00–12:00). RSVP required by 20 May 2026.
* Suppliers must provide a Gantt-style project plan with critical path and assumed purchaser responsibilities.
* Suppliers must provide a compliance matrix against URS (Attachment 1) including “Comply / Partial / Non-compliant” and justification.
* Note: This RFQ is a teaching example and uses dummy company details and indicative values for educational purposes only.

Free Trade Agreements:
This RFQ is a 'covered procurement' for the purposes of the Public Authority's obligations under Government Procurement Chapters of Free Trade Agreements to which Australia is a Party.

1.2 EVALUATION CRITERIA
Quotes will be evaluated on their merits according to the following evaluation criteria.
Mandatory criteria
Please note: Mandatory criteria are pass/fail and if not met may result in a Quote not being considered further.
(Select one.)

☒ Mandatory criteria apply

The mandatory criteria are:
* Demonstrated experience delivering at least two (2) aseptic filling line projects (isolator or RABS) in GMP-regulated facilities within the last five (5) years (provide references).
* Ability to support qualification (DQ/IQ/OQ) and provide documentation aligned to GMP expectations, including traceability to URS.
* Confirm capability to provide local service coverage in South Australia (or equivalent response model) including availability of critical spare parts.

* Provide evidence of ISO 9001-certified QMS (or equivalent) for design/manufacture/service provision.

☐ There are no mandatory criteria

Weighted Criteria

Criterion	Qualitative sub-criterion
Technical compliance & solution quality (35%)	URS compliance; Annex 1 alignment; contamination control strategy; ergonomics & cleanability; automation and data integrity approach
Project delivery & qualification approach (25%)	Project plan realism; FAT/SAT methodology; commissioning/qualification resourcing; change control; risk management
Total cost of ownership (TCO) (25%)	CAPEX; service costs; consumables; energy/utility efficiency; warranty terms; spares strategy
Supplier capability & support model (15%)	Local support; training; references; lifecycle management; obsolescence management

Non-weighted criteria
Non-weighted criteria (in descending order of importance):
* Workplace health and safety (WHS) and site compliance
* Environmental sustainability and waste minimisation (where applicable)
* Industry participation / local economic contribution (where applicable)

1.3 CONTACT OFFICER
Name:
Dr. Amira Henson

Position:
Senior Category Manager – Clinical & Manufacturing Technologies

Email Address:
amira.henson@sa.gov.au

Phone Number:
(08) 8226 5127

1.4 COMPLAINTS OFFICER
The Nominated Complaints officer is to be an independent officer who is not directly involved in the subject matter of the complaint.
Name:
Mr. Daniel Kwon

Position:
Manager, Procurement Governance – CALHN

Address:
28 Woodville Road, Woodville SA 5011

Email Address:
procurement.complaints@sa.gov.au

Phone Number:
(08) 8226 5099

1.5 CONDITIONS OF QUOTE
DO NOT AMEND THIS SECTION
Conditions of Quote
1. The Purchaser may at any time seek further information from You regarding Your Quote, (but need not make the same request of all Suppliers). This may include but is not limited to:
* requests for additional information
* presentations by, or interviews with You or Your key personnel
* other responses or additional information as required.
2. No legal relationship will exist between You and the Purchaser unless Your Quote is accepted and a legally binding contract is executed by both parties.
3. You participate in this procurement process at Your own risk
4. You are responsible for the cost of preparing and submitting Your Quote and all other costs arising from this procurement process.
5. Unless otherwise advised by the Contact Person, You may only communicate with the Contact Person about this RFQ.
6. The Purchaser is not obliged to accept the lowest priced quote or any quote.
7. You must identify any aspect of Your Quote that You consider should be kept confidential including reasons. The Purchaser is not obliged to treat information as confidential and in the absence of any agreement to do so, You acknowledge that the Purchaser has the right to publicly disclose the information.
8. You must complete and sign the Supplier Declaration in section 3.3 of this RFQ.
9. You must declare any actual or potential conflict of interest which may impact adversely on the public authority's interest in achieving best value for money in relation to this procurement.
10. You must comply with all laws in force in South Australia applicable to this RFQ Process.
11. You must not employ or otherwise engage any person who has either a present or past duty to the Public Authority in relation to this procurement as an adviser, consultant or employee.
12. The Purchaser may in its absolute discretion:
* take into account any relevant consideration when evaluating quotes including considerations that are not set out in or are inconsistent with the matters set out in [1.2] above
* invite any person or entity to lodge a quote
* allow a supplier to change its quote
* consider, decline to consider, or accept (at the Purchaser's sole discretion) a quote lodged other than in accordance with these conditions
* suspend in part or whole, vary or abandon this procurement process at any time
make enquiries of any person or entity to obtain information about You (including but not limited to the Referees).
1.6 GOVERNMENT POLICIES
Employment of
Ex-Government Employees
Unless an exemption has been granted by the Treasurer, the Purchaser will not accept the services of any former public sector employee, either

directly or through a third party, for a period that corresponds with the number of weeks of a targeted voluntary separation package received from the South Australian Government, where such engagement may breach the conditions under which the separation package was paid to the former public sector employee.

Disclosure of Government Contracts

If a contract is entered into, the Purchaser may disclose that contract and/or information in relation to it in either printed or electronic form and either generally to the public or to a particular person as a result of a specific request.

Allocation of Risk - Liability

On 25 July 2016, the South Australian Cabinet approved a policy that for low to medium risk standard government procurement contracts, a supplier's liability will be capped at a multiple of between 1 and 5 of the total contract value with the multiple to be based on a risk assessment conducted by the procuring government agency.

For high risk government procurement contracts, the procuring government agency will conduct a risk assessment and in consultation with SAFA and the Crown Solicitor's Office, include appropriate clauses dealing with risk and liability based on that risk assessment.

Liability cap for this procurement: 2 x the contract value

State Federal Cooperation on Trade Practice Matters

You must submit with Your Quote a signed declaration, in the form set out in section 3.3 of the RFQ.

If Your Quote is submitted jointly with another party or parties then each party must provide a signed declaration in the form set out in section 3.3 of the RFQ.

2. PART B - PROPOSED CONTRACT

A proposed Standard Goods and Services Agreement (Equipment + Installation + Qualification + Maintenance Services) is attached as Appendix 1.

3. PART C - SUPPLIER RESPONSE FORM

3.1 SECTION 1 - SUPPLIER GENERAL INFORMATION

3.1.1 SUPPLIER IDENTIFICATION

Trading Name

SterileFill Systems Australia

Registered Name

SterileFill Systems Australia Pty Ltd

ACN

169 442 118

ABN

74 169 442 118

Address of registered office

Level 6, 55 Grenfell Street, Adelaide SA 5000, Australia

Place of business in South Australia (if relevant)
Tonsley Innovation District, 1284 South Road, Clovelly Park SA 5042

Type of entity (e.g. company, trust, partnership, sole trader, other)
Proprietary limited company

Website (URL)
https://www.sterilefill-systems.example.com

3.1.2 SUPPLIER SUPPLEMENTARY INFORMATION
Identify if You are one or more of the following. You can attach any necessary evidence.
Not-for-Profit Organisation
☐ Yes
☒ No
Aboriginal Business Enterprise
☐ Yes
☒ No
Aboriginal Community Controlled Organisation
☐ Yes
☒ No
Australian Disability Enterprise
☐ Yes
☒ No
Social Enterprise
☐ Yes
☒ No
Small-Medium Enterprise
☒ Yes
☐ No
Women-Owned Business
☒ Yes
☐ No

3.1.3 SUPPLIER LOCATION AND CONTACT
Contact Person
Ms. Priya Nair

Position
Bid Manager – Life Sciences Projects

Address
Tonsley Innovation District, 1284 South Road, Clovelly Park SA 5042

Postal address
PO Box 221, Adelaide SA 5001

E-mail
tenders@sterilefill-systems.example.com

Telephone
(08) 7100 1840

3.1.4 INSURANCE
Provide details of Your current insurance policies (e.g. public liability insurance, professional indemnity insurance).

Policy Type	Policy Number	Policy Issuer	Policy Cover ($ Value)	Expiry Date
Public Liability	PLA-2281947	QBE Insurance (Australia) Ltd	$20,000,000	30/09/2026
Professional Indemnity	PI-9910372	Allianz Australia Insurance Ltd	$10,000,000	30/09/2026
Workers Compensation	SA-WC-551209	ReturnToWorkSA	Statutory	30/09/2026
Product Liability	PRL-8832041	Zurich Australian Insurance Ltd	$20,000,000	30/09/2026

3.2 SECTION 2 - SUPPLIER RESPONSE TO EVALUATION CRITERIA
3.2.1 MANDATORY CRITERIA
Does Your Quote comply with the following mandatory criteria? Provide details or attach supporting documents as evidence of Your compliance with each of the mandatory criteria listed below.
Demonstrated experience delivering at least two (2) aseptic filling line projects (isolator or RABS) in GMP-regulated facilities within the last five (5) years (provide references).
☒ Yes
☐ No
Evidence: See Attachment SF-A – Project Reference Summaries (Projects A1 and A2, 2022–2025) including client contacts.

Ability to support qualification (DQ/IQ/OQ) and provide documentation aligned to GMP expectations, including traceability to URS.
☒ Yes
☐ No
Evidence: See Attachment SF-B – Validation Master Plan (example), URS Traceability Matrix template, sample IQ/OQ protocols.

Confirm capability to provide local service coverage in South Australia (or equivalent response model) including availability of critical spare parts.
☒ Yes
☐ No
Evidence: SA field service team (Adelaide-based) + 24/7 hotline; parts hub at Tonsley. Critical spares list and lead times in Attachment SF-C.

Provide evidence of ISO 9001-certified QMS (or equivalent) for design/manufacture/service provision.
☒ Yes
☐ No
Evidence: ISO 9001 certificate (Attachment SF-D) and QMS scope statement.

3.2.2 WEIGHTED CRITERIA
INSERT WEIGHTED EVALUATION CRITERIA 1>
Technical compliance & solution quality (35%)
Supplier response:
SterileFill proposes an isolator-based turnkey line comprising:
* Rotary vial washer + depyrogenation tunnel (conveyor, laminar flow, temperature mapping-ready)
* Aseptic filling machine with peristaltic and time-pressure options (format parts for 2R–20R vials; nested syringe handling module for 0.5–5 mL)
* Stoppering/capping with 100% stopper presence verification
* In-line checkweigher with statistical fill weight trending and reject verification
* Integrated isolator with VHP bio-decontamination cycle, bacterial retention (HEPA H14) filtration, pressure cascade control, and glove leak testing
* PLC/SCADA with audit trails, electronic records, and role-based access consistent with Part 11-ready practices

GMP/Annex 1 considerations included in the design:
* Minimised interventions via automated format change aids and recipe-controlled parameters
* Contamination Control Strategy (CCS) deliverable aligned to Annex 1 expectations (to be finalised jointly during DQ)
* Materials of construction: 316L product contact; surface finish ≤0.5 µm Ra on critical product paths
* Cleanability: defined CIP/SIP boundaries (where applicable) and manual cleaning procedures with verification points
* Data integrity: time synchronisation, audit trails, secure backups, unique user IDs, and controlled configuration management

Key performance assumptions (indicative):
* Throughput: 3,600 vials/hour for 10 mL vials; up to 2,400 syringes/hour (nested) depending on inspection and stoppering steps
* Fill accuracy: ±1.0% typical with in-process controls (subject to product viscosity and validation)

INSERT WEIGHTED EVALUATION CRITERIA 2>
Project delivery & qualification approach (25%)
Supplier response:
We will deliver using a phased V-model approach:
* Phase 1 – Design Qualification (DQ): URS review workshop; risk assessment (FMEA); CCS draft; design freeze
* Phase 2 – Factory Acceptance Test (FAT): executed at OEM facility with draft IQ/OQ-ready evidence packs, calibration certificates and software version control
* Phase 3 – Site Installation & SAT: mechanical completion, utilities verification, safety checks, SAT protocol execution
* Phase 4 – IQ/OQ: supplier-led execution with QA participation; deviations managed through change control; full traceability to URS
* Phase 5 – PQ support: media fill readiness support, batch record templates, and operator coaching

Resourcing:

* Dedicated Project Manager (single point of contact)
* Validation Lead (DQ/IQ/OQ documentation, test execution leadership)
* Controls Engineer (SCADA/PLC, data integrity configuration)
* Field Service Engineers (install/SAT and first-year reliability support)

3.2.3 INDUSTRY PARTICIPATION POLICY
Have You completed an Industry Participation Plan online and submitted a copy with Your Quote?

☒ Yes

☐ No

Notes:
* Local content targets: ≥20% services spend with SA-based contractors (electrical, HVAC balancing, mechanical installation)
* Apprenticeship/training: two (2) local electro-mechanical apprentices shadowing install and commissioning

3.2.4 NON-WEIGHTED CRITERIA
3.2.3.1 Risk Management
<INSERT NON-WEIGHTED EVALUATION CRITERIA 1>
Key project and operational risks and mitigations:
* Utility readiness risk (WFI/CDA/clean steam/HVAC): early site utility audit and readiness gates prior to delivery
* Schedule risk due to long-lead isolator components: early procurement release after DQ and agreed design freeze
* Qualification documentation gaps: pre-approved document list; document review cycles with purchaser QA; “right-first-time” checks
* Operator intervention risk (Annex 1): automation emphasis; intervention mapping; training and aseptic technique coaching
* Spare parts/obsolescence: critical spares package included; lifecycle support plan with component availability monitoring

INSERT NON-WEIGHTED EVALUATION CRITERIA 2>
Sustainability & energy:
* VHP cycle optimisation to reduce consumables
* Variable speed drives on motors/fans where applicable
* Recommended preventive maintenance to sustain energy efficiency and reduce unplanned downtime

3.2.3.2 Acceptance of Proposed Contract
Select the statement below that best describes Your acceptance of the Proposed Contract:

☒ Having read and understood the Proposed Contract, in Part B of this RFQ, I confirm that these terms and conditions are acceptable. If successful, I agree to sign a Contract based on the Proposed Contract.

☐ Having read and understood the Proposed Contract, in Part B of this RFQ, I have the following proposed departures. If successful, I agree to sign a Contract based on the Proposed Contract including such departures or such amended terms and conditions of contract as may be agreed with the Public Authority following negotiations.

Do You agree with the Liability position at [1.6]?

☒ Yes

☐ No

Please indicate which Contract Execution clause should be used when executing a contract or deed

☐ Company (Sect. 126 Corp Act)
☒ Company (Sect. 127 Corp Act)
☐ Incorporated Association
☐ Sole Director Company (Sec. 127 Corp Act)
☐ Partnership
☐ Sole Trader
☐ Trustee
☐ Other - Please Specify _____

3.2.4 REFERENCES
References
Please provide up to three references that may be contacted in relation to Your Quote.
Name	Contact Details
Head of Manufacturing (Aseptic), Southern Biologics Pty Ltd	(Confidential in teaching example) Email: ref1@client.example.com Phone: +61 3 9000 1111
Engineering Director, NovoHarbour Injectable Medicines	Email: ref2@client.example.com Phone: +61 2 9000 2222
QA Manager, University Clinical Trials Facility	Email: ref3@client.example.com Phone: +61 7 9000 3333

3.3 SECTION 3 - SUPPLIER DECLARATION
You must submit with Your Quote a signed declaration, in the form set out below.
Remember to select 'agree' or 'disagree' at the end of each row. If You don't, You will be deemed to have agreed.
You must have the declaration signed by someone who is authorised to sign and able to verify each of the elements of the declaration e.g. Chief Executive or a Senior Manager.
If You are submitting a joint or consortium Quote, each entity comprising the consortium or partnership must complete a separate declaration.
Topic
Declaration
Supplier's Declaration
RFQ Process, Terms and Conditions
I/we have read and fully understand the RFQ, including the applicable procurement process and RFQ to supply conditions detailed in Part A. I/we confirm that the Supplier/s agree to be bound by them.

☒ Agree
☐ Disagree

Collection of further information
The Supplier/s authorises the Public Authority to:

a. collect any information about the Supplier, except commercially sensitive pricing information, from any relevant third party, including a referee, or previous or existing client
b. use such information in the evaluation of this Offer.
The Supplier/s agrees that all such information will be confidential to the Public Authority.

☒ Agree

☐ Disagree

Public Authority Requirements

I/we have read and fully understand the nature and extent of the Public Authority's Requirements as described in Part. I/we confirm that the Supplier/s has the necessary capacity and capability to fully meet or exceed the Requirements and will be available to deliver throughout the relevant Contract period.

☒ Agree

☐ Disagree

Ethics and Unlawful Collusion

In submitting this Offer the Supplier/s warrants that:
a. it is independent and that there has not been any unlawful collusion or anti-competitive conduct with any other Supplier or party in connection with this Procurement Process. This clause does not apply to any formal joint venture contractual arrangement entered into between the Supplier and any other person(s), the details of which have been provided to the Public Authority as part of the Offer submitted by the Supplier.
b. the total value of the goods and/or services to be provided by sub-contractors, to the extent known at the time of making this declaration, is $685,000 (installation trades, HVAC balancing, rigging, and selected qualification support).
c. it has not directly or indirectly approached any employee or representative of the Public Authority (other than the Contact Officer) to lobby or solicit information in relation to the RFQ.
d. it has not offered any incentive, or otherwise attempted to influence or provide any form of personal inducement, reward or benefit to any employee or representative of the Public Authority.

☒ Agree

☐ Disagree

Offer Validity Period

I/we confirm that this Offer, including the price, remains open for acceptance for the Offer Validity Period stated in Part A of this RFQ.

☒ Agree

☐ Disagree

Electronic Files

I/we confirm that I/we have checked any electronic files contained in the Offer and that these are free from viruses.

☒ Agree

☐ Disagree

Conflict of Interest declaration

The Supplier warrants that it has no actual, potential or perceived Conflict of Interest in submitting this Offer, or entering into a Contract to deliver the Public Authority's Requirements. Where a Conflict of Interest arises during the RFQ process the Supplier/s will report it immediately to the Public Authority's Contact Officer.

☒ Agree
☐ Disagree
Details of Conflict of Interest: Not applicable.

DECLARATION
I/we declare that in submitting the Offer and this declaration:
a. the Offer is made under seal and is enforceable by the Public Authority
b. the information provided is true, accurate and complete and not misleading in any material respect
c. the Offer does not contain Intellectual Property that will breach a third party's rights
d. I/we have secured all appropriate authorisations to submit this Offer, to make the statements and to provide the information in the Offer and I/we am/are not aware of any impediments to enter into a formal Contract to deliver the Public Authority's Requirements.
I/we understand that the falsification of information, supplying misleading information or the suppression of material information in this declaration and Offer may result in the Offer being excluded from further consideration in the RFQ process and may be grounds for termination of any Contract awarded as a result of the RFQ process.
By signing this declaration, the signatory below represents, warrants and agrees that they have been authorised by the Supplier/s to make this declaration on its/their behalf.
